SRA SHE SOLUTIONS are proud to announce that SHEM Tech™ [Safety Health and Environmental Management Technology] has not only received **National Accreditation** through the MERSETA [May 2010] with 10 Credits at NQF Level 5, but now has been also awarded a very prestigious International Accreditation through the Institution of Occupational Safety and Health (IOSH) of the United Kingdom.

WHAT DOES THIS MEAN TO THE LEARNER:

- Once the learners has completed the SHEM Tech™ Qualification and is found Competent with their 6 month Portfolio of Evidence (practical implementation of an integrated SHE Systems), a verification by IOSH will be done and learners will be Registered at the Technicians Level (Tech IOSH).
- IOSH is a focal point for health and safety professionals working in a diverse range of industrial, commercial and public sector organisations.
- Students can concentrate on career development
- By becoming a member of IOSH the learners will be placed as unrivalled industry pedigree which means that they will be amongst most trusted and sought after people in the health and safety profession.
- Members of IOSH may also benefit from Workplace Shadowing Schemes where learners are given their first taste of hands-on experience in health and safety.
- As the world's biggest professional health and safety body, IOSH can network SHE Professionals from diverse employment sectors and educational backgrounds with some of the most prestigious and high profile companies worldwide.
